German Submarine Arm Strikes Across The Atlantic

SMITH AND RUTH IN PITCHER'S BATTLE

BRVES Field, Boston, Oct. 9.—The Boston-Americans defeated the Brooklyn Nationals by a score of 2 to 1 in a fourteen inning battle today that was filled with thrills and spectacular plays. It was a battle of southpaws. Babe Ruth, of Boston, against Sherrod Smith, of Brooklyn, and though Smith went down in defeat when a pinch hitter, Gainer, drove over the winning run, there was glory enough for victor and vanquished. The crowd numbered officially 41,373 persons. Brooklyn's defense as well as that of Boston, sparkled with brilliant plays.

Myers was the fair haired boy for Brooklyn. He scored the visitors' only run with a four-ply clout to right center and then cut off a Boston run in the ninth inning by a nice catch and then threw out the runner at the plate.

BRVES FIELD, BOSTON, Oct. 9.—The Boston-Americans, with victory notched in their bat handles, met the Brooklyn Nationals here this afternoon in the second game of the world's series. The National League pennant winners hoped to overcome the Bostonians today that they might go back and face the home folks on their own ball yard with an even break with the Champion American Leaguers.

"If we can split with the Red Sox on their own grounds," said Captain Jake Daubert, of the Brooklyn, today, "there will be no holding us when we get back home. Every one knows that we do our best work on our own diamond, but that is not saying that we expect things to be easy for us at Ebbets' Field for the Red Sox won their pennant on the road and put up a stiff game wherever they play."

Manager Bill Carrigan, admits that the Bostonians are going to have no walkaway. "The Brooklyn carry a punch," remarked Manager Carrigan, "and the game with them is never over until the last man is out. I think, though, we have the pitchers to stop them."

Towards game time the sky became overcast with thunder clouds that gave a threat of showers. The weather was hot and sticky. The ball players, however, found the day to their liking, especially the outfielders, who had often in Saturday's game let the ball in the glare of the sun, that today was hidden by screening clouds.

The crowd came late to the game and there were early estimates that more than 30,000 persons would witness the sport.

The Boston Red Sox put in some stiff batting practice with the left-hander Pennock on the mound. As it grew darker with the gathering clouds, the managers of the two clubs began to look over their speed-ball pitchers. The Brooklyn supporters believed that Cheney with his fast spit ball would be Brooklyn's choice for moundman. It was noticed that Babe Ruth took part in the batting practice, blanketed in a big red sweater which was taken to mean that he would be found facing the visitors.

An intermittent rain fell just before the game. All the outfield stands were filled, and the indications that a larger crowd than on Saturday would watch the game.

The batteries for Boston were Ruth and Thomas; for Brooklyn, Smith and Miller.

Disposition of the umpires was as follows: Dineen (American League) behind the plate; Quigley (National League) on the bases; Connolly (American League) right field; O'Day (National League) left field.

The young lady across the way says her father thinks the election will come out all right but looks for a pretty close vote and doesn't expect anything in the nature of a landslide.

GERMANY MUST KEEP PROMISES, SAYS PRESIDENT

Long Branch, N. J., Oct. 9.—President Wilson announced today that as a result of the German submarine attacks on vessels off the American coast that "the German government will be held to the complete fulfillment of its promises to the government of the United States." He added that he had no right now to question Germany's willingness to fulfill the promises.

Just before Count Von Bernstorff, the German Ambassador, called on the president at Shadow Lawn this afternoon, Mr. Wilson issued the following statement: "The government will of course, first inform itself as to all the facts that there may be no doubt or mistake as far as they are concerned."

"The country may rest assured that the German government will be held to the complete fulfillment of its promises to the government of the United States. I have no right now to question its willingness to fulfill them."

The president was represented today as being deeply concerned over the situation, although he had no information from official sources indicating that the promises of the German government had been violated. It was stated that a very thorough investigation would be made.

ALLIES LOSE AUXILIARY CRUISER: AUSTRIAN WARSHIP BLOWS UP

Paris, Oct. 9.—The steamship Gallia, an auxiliary cruiser, carrying 2,000 Serbian and French soldiers, was torpedoed and sunk on October 4 by a submarine. Thirteen hundred men picked up by a French cruiser and landed in boats on the southern coast of Sardinia are accounted for thus far.

The Gallia was a 15,100 ton steamship and is one of the larger vessels sunk by submarines during the war, having been only 700 tons smaller than the White Star liner Arabic.

MARKETS DEMORALIZED

New York, Oct. 9.—The stock market was demoralized at today's opening, standard issues as well as war stocks, breaking five, ten, and even twelve points at the outset on enormous liquidation. The break was attributed to the German submarine activities and their possible consequences.

After the most exciting half hour seen in the stock market since the panic of 1907, the tide of liquidation was stemmed by heavy volume of buying orders reported to have been sent to the market by important banking interests.

The foremost feature was U. S. Steel on an offering of 30,000 shares at 112 to 109 representing a loss over the week-end of slightly more than 7 points. The Mercantile Marine issues, common and preferred were lower by 7 1/2 points.

Recoveries ranged from 4 to 8 points while Republic Steel virtually regained its 18 point decline.

Sales in the first hour reached the unprecedented total of approximately 900,000 shares.

Among the factors that helped to readjust prices was the reasoning of some traders that a more intense international situation would be likely to rebound to the greater advantage of war stocks.

The initial decline was accelerated by the wiping out of many weak bull accounts.

Chicago, Oct. 9.—Activity of German submarines resulted today in a downward crash of wheat values. The break right at the start amounted to 4 1/2 cents a bushel in some cases, December falling to 1.55 as compared with 1.59 1/2 at Saturday's finish.

Priorities of corn, oats and provisions also fell, but not to as radical degree as in the case of wheat.

Greatly increased difficulty in making exports was the generally accepted reason for the declines.

London, Oct. 9.—British troops north of the River Somme, made progress during the night, says the British official statement issued today and established posts to the east of Le Sars and in the direction of Butte de Warlencourt.

Athens, Oct. 9.—(Via London)—Serbian troops in considerable force have crossed the Cerna river at two points and are advancing rapidly to the northward. They have captured the village of Skochivir, taking 100 Bulgarians prisoner.

Petrograd, Oct. 9.—(Via London)—The great battle in Volhynia east of Vladimir-Volynski, is continuing, the war office announced today, and the Russians have succeeded at some places in entering the Teutonic lines. The positions taken have been consolidated the statement adds.

London, Oct. 9.—Return from his invasion of the mid-west since the campaign opened, President Wilson Saturday appealed to independent voters to support the Democratic party in November on the ground that it presents a united front for the passage of progressive legislation, while the Republican party is made up of discordant elements which can accomplish nothing.

Criticizing the so-called "old guard" of the Republican party, the president by inference attacked both Charles E. Hughes and Theodore Roosevelt, and declared that while every line of his national policy has been assailed "no diagrams have been drawn of any other."

Mr. Wilson charged that the

NINE SHIPS REPORTED SUNK NEAR AMERICAN EAST COAST BY U-BOATS

Boston, Oct. 9.—The submarine arm of the Imperial German navy ravaged shipping off the eastern coast of the United States yesterday and last night. British, Dutch and Norwegian steamers were sent to the bottom or left crippled derelicts off Nantucket shoals.

The German submarine warfare brought to this side of the Atlantic Sunday was pursued relentlessly throughout the night. With the dawn came reports of more vessels torpedoed and sunk.

The captain of the Nantucket lightship, off which the attacks on passenger and freight ships were made, reported that three German submarines were operating south and southeast of Nantucket and that a total of nine vessels had been destroyed.

The identity of three of this number was unknown but ships from the American destroyer flotilla at Newport were searching the seas for the crews that were supposed to have taken to their small boats.

Rushing to give battle to the submarines three British cruisers were off Nantucket shoals at 2:40 o'clock this morning. This was the first appearance of any warship of the British and French patrolling fleet in that vicinity since the submarines began their attacks at six o'clock yesterday morning.

The passengers and crew of the Red Cross steamer Stephano, and the crews of the British freighters Strathdene and West Point, and the Dutch freighter Bloomersdijk, and the Norwegian freighter Christian Knudsen, destroyed yesterday, were landed at Newport, Rhode Island, today.

No Word From Missing Crew

No definite word has been received up to noon today of the fate of the crew of a vessel recorded in wireless dispatches as the British steamer Kingston, one of the victims of German submarine attacks in the vicinity of the Nantucket lightship yesterday and last night. These men who were thought to have left their ship before she was sunk, were reported to have been rowing their small boats some thirty miles off the light ship early in the day, but a number of United States torpedo destroyers cruised over a large radius during the forenoon without sending ashore any message that they had found the Kingston's crew.

Even the name of the sunken vessel remained in some doubt. No steamer Kingston had been reported in maritime registers as having been in these waters recently.

Nine Prisoners Are Arraigned; Only One Enters Guilty Plea

Nine prisoners recently indicted by the September term of grand jury, which reported Saturday noon, were arraigned before Judge Thomas in common pleas court Monday morning. Others will be arraigned Tuesday.

Ben Adkins, charged with murder in the second degree, pleaded not guilty and stated that he had employed Theo. K. Funk to defend him. Adkins was indicted for fatally stabbing Wilbur Nickel, following a quarrel, which occurred on Bonner's Run, near Sciotoville.

David Berry, charged with murder in the first degree, pleaded not guilty. Attorney Theo. K. Funk will defend him. He was indicted in connection with the murder of Madison Powell, an aged farmer of Jefferson township, whose dead body was found near his home with a bullet hole through his breast.

Charged with murdering in the first degree, John Henry, alias "Sheet Iron Shorty," a negro, was instructed to withhold his pleading until he had a consultation with his attorney by the court. Judge A. T. Holcomb will defend Henry. The prisoner was indicted on a charge of shooting a Texas, a negro, following a quarrel over a woman. The murder occurred at the Hunt Forbes construction camp near Harrisonville.

Charged with terrorizing the citizens of Sciotoville and New Boston with a loaded revolver and with shooting at Henry Koger and Dan Cottle, employees of the Portsmouth Street Railroad and Light company, Chester Dillman pleaded not guilty and was remanded to jail. Attorney Theo. K. Funk will defend him.

Not guilty was the plea entered by Jeff Cooper, a young man indicted on a charge of cutting Thomas York.

To William Dixon belongs the distinction of being the only prisoner to enter a plea of guilty for the morning. Dixon pleaded guilty to cutting Albert Clifford, a shantyboat man, following a quarrel. The affray took place on the Ohio river bank, near the county infirmary.

Many queer links in the evidence offered in the case of the State against Henry Vance, charged with carrying concealed weapons, brought the prisoner leniency from the court. He was given 60 days in the county jail and a fine of \$25 and costs. The evidence in the case was such, it was stated, that would indicate to a certain degree that the prisoner was but partially to blame for the trouble.

Vance was told, he claims by a

man named Harvey Hill that a certain man was looking for him and intended to get his wife. Vance claims he put the revolver in his pocket to protect himself and when he left the house Hill called the police and informed them he had a gun.

Besides this, he declares that either Charles or Harvey Hill wrote out an order and secured the money due him for the work performed on

a sewer, which is being built on the Boulevard.

Clinton Swords, charged with stealing a horse from Frank Schomberger, West Side, pleaded not guilty. Being unable to employ an attorney, the court selected George W. Sheppard to defend him.

Charles Hill pleaded not guilty to four indictments charging him with forgery. Attorney Alex C. Woodrow was appointed to defend him.

S. S. Conventions Are Held In Nile

Nile township was invaded on Sunday by Sunday school workers representing the county association. Two big conventions were held in this township on Sunday afternoon at Buena Vista and Pond Run. These proved to be the most enthusiastic conventions to date, and both were largely attended. Strong organizations were effected at both places.

At Buena Vista the convention was held in the M. E. church with Mrs. Ella Spencer presiding. The song service was in charge of Prof. Moore of Sandy Springs. The first speaker of the afternoon was Mr. W. W. Gates, county president, who emphasized the advantages of a well organized Sunday school, speaking more especially on the Home Department and the Cradle Roll Department. Mr. Gates was followed by Mr. E. F. Ridout, secretary of the local Y. M. C. A., and teacher of a big men's class at Manly M. E. church. Mr. Ridout's subject was "Teaching the Men's Class." The last speaker on the program was Mr. C. W. Ridenour who spoke very interestingly from the subject, "Enlisting and Holding the Boy in the Sunday School." Mr. Ridenour, who teaches one of the biggest boys' classes in Ports-

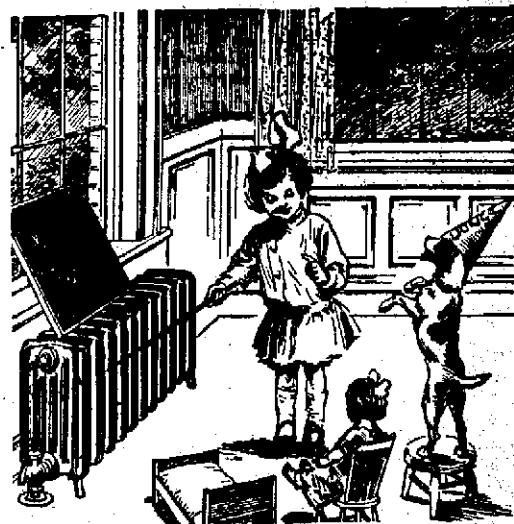

mouth, had a message well worth while to those who are teachers of boys' classes, and dropped many valuable suggestions. At the close of this splendid program an organization for Lower Nile township was effected with the following officers being elected: J. K. Hemphill, vice president; Mrs. Ella Spencer, secretary; Miss Clara Miller, treasurer.

The Movies

Dorothy Davenport in "The Unattainable" At Lyric Tonight
Beautiful Dorothy Davenport in a splendid society feature, "The Unattainable," is the feature at the Lyric tonight. Tomorrow Holmes in a stupendous story "The Diamond Runners." Wednesday's feature is Carlyle Blackwell and Ethel Clayton in "A Woman's Way," a World Film picture. Two last chapters of Billie Burke on Thursday, Blanche Sweet in "Public Opinion" on Friday, and Williams Russell in "The Man Who Would Not Die" on Saturday, makes a week of great pictures for you at the Lyric. Don't miss them, and the music is always good.

At the Exhibit
Today Manager Law offers another of his feature programs in five reels. It is one of the big city hits never before shown in Portsmouth. It is "The College Widow," that laughable George Ade comedy that has caused millions to laugh. It is George Ade's most famous comedy with the great laugh producers, Ethel Clayton and George Soule Spence in the leading roles. It is a Lubin production and this coupled with George Ade's composing makes it one of the greatest attractions in filmdom. As an extra added attraction the best orchestra music in the city will be at the exhibit today. Arthur Wade, James Gilbert and Miss Julia Law will compose the orchestra. Tomorrow brings another beautiful four act comedy by George Ade entitled "The Sind Princess." Francis X. Bushman is at his best in this picture and he is ably assisted by Ruth Stonehouse, Essanay's star.

Strong Program at Arcana Theatre Tonight
"Ashamed of the Old Folks" is the title of a two reel Victor production that will be shown at the Arcana theatre tonight. One of those human interest stories that strikes home to all. The story is peculiarly strong and entertaining as well. Matt Moore and June Guil take the prominent parts and they are great favorites with Arcana folk. "He Wrote a Book," a one reel comedy, featuring Wm. Garwood, Lois Wilson and Edward Brady. This is one of the most amusing comedies ever shown. The big program will close with "The Riddle of the World—Unscriptable—Japan," \$250,000

Five Big Reels At Temple Theatre Tonight
Manager Harold Potts is anticipating a banner week at the Temple theatre. This is due to the fact that his bookings for this week are away beyond the ordinary and he has several thrillers to give his patrons. The Temple is becoming one of the most popular motion picture centers in the city, due to the fact that the pride of admission has been reduced to five cents and because of the high-class attractions offered. The headliner for tonight will be "Ashes," a three reel Vitaphone drama, one of these heart interest plays that grips the audience from the very beginning. This is a guaranteed attraction and promised to be one of the Vitaphone's best hits. This will be followed by a one reel Kalem comedy, north-producer for fair. The big five-reel program will close with one of the best comedies of the season, "The Idle Rich." Come tonight and for five cents see one of the greatest shows in the city.

At the Strand
"The Scarlet Sin" is a Broadway Universal feature drama in four parts featuring Hobart Bosworth, in a spiritual story told in a surprisingly artistic way. To the husband this picture will show that it is better to let a woman travel in the path she lays out for herself. If she is a good woman, at heart, she will forgive seventy times seven. If she doesn't come back she isn't worth his thought. "The Highway of Fate" is a laudable drama in two reels followed by "Some Medicine Man," a Nestor comedy.

THEATRICAL
Large Audience Grooms Earle Stock Co. At Sun Theatre This Afternoon
A change of policy was inaugurated at the Sun theatre for one week, when the Earle Stock Company opened their week's engagement this afternoon. The company is out of the ordinary of the so-called popular-priced attractions they present a rep-

toire of standard plays complete with necessary scenic equipment and during the week's engagement an entire change of play will be given each day. The play selected for their initial performance was "The Broken Butterfly," from the pen of Mabel S. Keightley, which is a society comedy drama of today. The principal characters are those of a retired Southern millionaire, his spoiled wife, a young Southern girl, and the eternal third party of the triangle, the usual scheming man of the world. The play is a pretty one, the story strong and the costuming above the average. The "Butterfly" gown which is worn by Miss Kitty Kirk, the charming leading of the company, is a creation of the costumers.

High-class vaudeville is presented between the acts, which are out of the ordinary. At the matinee today a capacity audience was in evidence and the universal verdict was, "The best show seen here in several seasons." Mr. Fred Milton is to be congratulated in securing attractions of this calibre. Miss Conrad is again this season the congenial treasurer of the Sun theatre. From all indications capacity houses will be the rule all this week.

THE "COME-BACK"
The "Come-back" man was really never down-and-out. His weakened condition because of over-work, lack of exercise, improper eating and living, demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Harlem Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful! Three of these capsules each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. 25c, 50c and \$1.00 per box. Accept no substitutes. Look for the name GOLD MEDAL on every box. They are the pure, original, imported Harlem Oil Capsules.

SUBMARINES

(Continued From Page One) of the crew of that steamer as having been emphatic in their statements that the submarine which sank the Stephano was marked U-61.

Earlier in the day several of the fleet of United States destroyers which went to the rescue of the men, women and children, set afloat in open boats brought into Newport the passengers and crew of the Stephano.

The movements of three British cruisers which arrived in the vicinity of the raids early today were not further reported during the forenoon. It was supposed they were making a thorough sweep of waters in which the Germans had been active in the hope of capturing or sinking one of the submarines.

Shipping at ports along the New England coast had been held up to a greater extent today and vessels at sea were reported making for the nearest harbor. The sudden onslaught of undersea craft has thoroughly terrified shipping interests engaged in carrying munitions of war and other shipping not flying the American flag.

The American steamer Kansas, which was held up by a submarine off Nantucket at 4:30 o'clock yesterday morning arrived here today. Her captain said that he had turned back in response to the signals of distress from the West Point but finding that his assistance was not required he proceeded to Boston.

Rich Prize Is Bagged

The richest prize bagged by the Germans was the passenger liner Stephano, which had just rounded the east end of Nantucket when she fell prey to a submarine. The vessel, British owned, was on her regular trip from St. Johns, New Foundland, to New York via Halifax and carried 83 passengers, including thirty Americans. Twenty-six of the latter were making the round trip on the steamer from New York. The Stephano was valued at \$400,000 when she was launched three years ago. She carried also a cargo of cod fish, cod fish oil and seal oil consigned to parties in the United States and South America and valued at \$150,000. Her naval value was due to the fact that she has been sold to the Russian government and was soon to be used as an ice-breaker.

When the Red Cross liner in command of Captain Smith reached here at noon Saturday five Americans went aboard.

Activities Were Commenced Sunday

Submarine activities began at daylight Sunday, three miles east of Nantucket lightship, when the American steamer Kansas was sighted and signalled to stop. When the submarine commander saw that she was an American ship he allowed her to proceed. The submarine then moved in close to the lightship where at 6 a. m. she stopped the British steamer Stratheden, bound from New York for Bordeaux. After the crew had obeyed orders to take to the ship's boats, the submarine sent a torpedo into the Stratheden and sank her. The raider, patrolling the vicinity of the trans-Atlantic steamship lane, moved considerably to the southward. At 10:45 a. m. she halted the British steamer West Point, London for Newport News, with a warning shot. This was at a point ten miles south of the lightship. The crew took to the boats and the submarine torpedoed and sank the steamer.

No other vessel was encountered

was just long enough for the full effect of her appearance to take hold of the public imagination. Then came the second act in the drama.

With startling suddenness Sunday morning a radio message flashed across the heavy waters south of Nantucket that an American steamship, the Kansas, flying the American flag, had been halted by a submarine. "Why are we held by a submarine?" the captain asked. "We are bound from New York to Boston."

The Kansas was allowed to proceed and today arrived at Boston to take on 1,700 horses to add to her cargo of war supplies consigned to Genoa, Italy.

Believe More Than One Sub Active

In rapid succession flashed S. O. S. calls across Nantucket Sound, as one ship after another fell prey to "a submarine." When the count reached seven shipping circles promptly reasoned that there was more than one submarine. One submarine could not carry enough torpedoes, they argued, to sink so many ships, for the reports drifting across the

submarine zone implied that each ship had received her death blow by a torpedo and it was even stated that in one instance three torpedoes had been used to make the work of destruction sure.

Whether one or two boats or a flotilla were involved, whether the swift and deadly torpedo or the more leisurely gunfire had accounted for such an amazing harvest of disaster off the American coast, could not be determined until a careful scanning of complete reports from all sources was possible.

London, Oct. 9.—The Norwegian steamer Roney has been torpedoed in the Arctic. Her crew was landed, according to a Reuter's dispatch, from Christiania. The dispatch says that it is feared that the Norwegian steamer Viking has met a similar fate in the Arctic as wreckage with her name on it has been washed ashore.

London, Oct. 9.—The British steamship Jupiter, of 2,324 tons gross is believed to have been sunk, according to an announcement made today at Lloyds Shipping agency.

Diplomatic Complications Are Possible

Washington, D. C., Oct. 9.—Possibilities of diplomatic complications over the German submarine raid along the New England coast seemed today to point toward the allies as well as Germany.

State and navy officials, scanning the unofficial reports of the destruction of ships within sight of American shores, found no reason today to change their first impression that the submarine operations had been conducted so

far within the limitations of international law, but they were fully alive to the dangerous possibilities.

Destruction of an American ship carrying contraband might easily cause another Frye case and loss of life at all in any case might easily reopen the whole submarine question.

The threatened complication with the Allies lies in their contention that submarines, because of their nature, should be excluded from all neutral ports.

NO ISSUE ON THE U-53

The position of the United States as far as it has been announced, has been to decide on its merits the case of each submarine entering an American port. Inasmuch as the German submarine went to Newport Saturday, took no supplies, asked for no privileges and departed almost immediately, it is not thought that she raised any issues.

The general opinion prevailing today was that with the gathering of allied cruisers off the New England coast the submarines

would desert that field and strike their next blows further south. Some officials expected to hear of operations in the Gulf of Mexico, where a persistent story says a German base has been established.

The American government's attitude toward the German side of the new situation will of course be decided by President Wilson himself.

Full information is being gathered through official channels and forwarded to the Summer White House.

President's Information Meagre

Long Branch, N. J., Oct. 9.—President Wilson today was still without information giving ground for fears that serious international complications might follow the German submarine attacks on British and neutral shipping off the American coast yesterday.

Information received here at the summer capital was very meagre on the points in which the president was most interested, in-

cluding the questions of warnings to the passengers and safety of the vessels sunk.

Cornel Von Bernstorff, the German ambassador was due today to confer with the president at two o'clock this afternoon for the primary purpose of presenting a letter from the German Emperor on Polish relief. It was taken for granted that the president would ask what information the ambassador has on intentions of the submarine.

MANY NOTABLES ON STEAMSHIPS

New York, Oct. 9.—Recent cable advices have mentioned a number of noted persons on the several passenger steamships on the way to New York and now in close proximity to the newly created submarine zone.

On the Spanish liner Frederick VIII are Ambassador and Mrs. James W. Gerard, returning here on a vacation from Germany. On the French line steamship Sophie are Sarah Bernhardt, coming here to tour the United States and Canada, McDougall Hawkes, president of the French

institute in the United States; Mme. Lina Cavalieri, an opera singer, and Mme. Maria Montessori, educator.

The French line steamship Lafayette was due to leave Bordeaux last Saturday. On this ship are Mr. and Mrs. Wm. K. Vanderbilt, Miss Anne Morgan, Miss Elizabeth Marbury, John Barrett, A. Platt, Andrew Guilo Gattuso, Frank A. Munsey, S. S. McTear and Enrico Caruso.

The sailing today of the Italian San Gelielmo for Naples, was cancelled.

Ship Owners and Agents Worried

New York, Oct. 9.—Owners, agents and others interested in vessels near the Atlantic coast flying the flags of nations hostile to Germany passed an uneasy night and today sought every possible avenue of news regarding their ships. Many of the vessels within the German U-boat danger zone carry scores of American and European passengers, including some notable in financial, business, theatrical and social circles.

It seemed doubtful today that the submarine raid would result in a general tie-up of the shipping of the entire nations in American ports but one of the most important steamship companies controlling British and American vessels, the International Mercantile Marine Company, issued orders that no British ships of that line should leave Atlantic ports pending further orders.

MANY SAILINGS ARE STOPPED

This order stopped the sailings of all steamers of the White Star, Atlantic Transport, Leyland, Dominion and Red Star lines and the vessels of the White Star-Dominion Lines sailing for Montreal and Quebec. The order will not interfere with the sailing of the American line steamships or of any of the companies' vessels under the American flag.

Officials of the Canadian, French and of the Italian lines declared that their passenger and freight vessels would sail as usual despite the submarine menace.

More than a score of passenger and freight steamers are believed to be near Nantucket. Some are bound to New York from foreign ports and others eastbound from here. A considerable number of them are believed to be laden with war munitions.

The Anchor Line Camerania is due here today from Liverpool with six hundred passengers. Wireless warnings were sent to Captain McLean yesterday directing him to look out for the U-53.

The steamer Frederick VIII of the Scandinavian-American Line, which is bringing home James W. Gerard, the American Ambassador to Germany and Mrs. Gerard, was six hundred miles east of New York at noon yesterday.

Steamboatmen are complaining of the scarcity of labor. On Sunday the steamers Courier and Greenwood, while at the local wharf, had their captains, clerks and stewards all doing roustabout work in loading and unloading cargoes. The Greenwood had but two roustabouts on board and was running a half day behind schedule because of that fact.

The shipment of apples continues heavy. The packet Greyhound made a special trip to Portsmouth Sunday bringing a cargo of apples. A gasoline boat also brought down two large loads for the Stockham company. The steamer Greendale on her last trip to Cincinnati had 1,400 barrels of apples aboard.

The steamer Reuben Dunbar, which sank at Carentown after striking a sunken log, and was raised and taken to Point Pleasant, W. Va., was taken out on the river docks yesterday. With the exception of two small holes in her bottom, her hull is in good condition. She will be repaired and lowered in the river within a few days.

Druggist Says - Black-Draught Best

M. R. Flowers, druggist, writes this letter: "I have been afflicted for many years and have tried many sorts or kinds of medicine for indigestion, but the Black-Draught excels all medicines I ever tried. I went to using your medicines when I ate anything it would soon feel as though I were loaded down with rocks in my stomach. After using your preparation my stomach feels like a new one." If you suffer from indigestion, this druggist's experience must carry conviction of the merit of this purely vegetable preparation, Theodor's Black-Draught. Mr. Flowers used many remedies and then says: "Black-Draught excels any I have ever tried." Why don't you try it? At all druggists—25 cents a package. 2-2

would to any other person. You can secure pictures of Wilson, Marshall and Cox at the Democratic headquarters in the Masonic Temple free of charge.

Dear Miss Wise—Quite a few people tell me I have such a far away look. What do they mean by that? MINNIE.

They probably mean that you seem to be looking at and thinking of things far away and are not paying strict attention to the things close to you.

Dear Miss Wise—In leaving the house with a young man, should the girl pass through the door first, or should she as hostess offer to allow him to pass out first? The same in returning home; should the girl enter the house first, or should she permit the young man to enter first, as her guest? MABEL.

A girl should always precede a man through a door, whether it is in her own home or some other place.

Dear Miss Wise—Right in the corner of my eye, by my nose, I have something that looks like a wart, but it isn't a wart. It is soft and seems to be stretched skin. Have you any idea what it is and how to get rid of it? WORRIED.

Your tear duct is enlarged. Don't rub it and irritate it and it will return to its normal form.

Dear Miss Wise—Are hoops to be worn this winter? I am remodeling an evening dress from last year, and I would like to know if the distended effect will be in style. MAYBELLE.

According to the latest reports from the fashion authorities, the distended effect has given place to the straight line from waist to hem. The new silhouette follows the "moyen age." Strictly speaking, it presents an unbroken line from shoulder to hem.

Dear Miss Wise—I am twenty-three years old. My mother died when I was nineteen and I have kept house for my father and three little sisters ever since. My fifteen-year old sister is very hard to manage. She is pretty and very popular with the boys. I think she is too young to go with boys and so I have forbidden her doing so. She will not mind me and ties and deceives me. I cannot even let her go to a girl friend's in the evening, because when I give her permission she is likely to go off with a certain boy. He is very young, too, and I know nothing against him, but I don't like the idea of my little sister having a

beau when she is only fifteen years old. What would you advise me to do.

ANXIOUS-TO-KNOW.

Tell your little sister that since she is determined to go with the boy you are going to let her. Give her permission to entertain him at home. You must gain her confidence and put a stop to her lies and deceit. Do your part to make entertaining at home easy and pleasant. Invite other boys and girls in and in this way you will know where she is and who she is with. She is probably not as mean as she is contrary. Use a little tact and you can manage your sister without any trouble.

Dear Miss Wise—Can you suggest something for ridding a place of ants? Thinking you in advance, I am, MRS. M. J.

Bicarbonate of soda is effective in exterminating ants. Ground cloves will rid a place of the red ants. You might also try injecting a little bisulphide of carbon, kerosene or gasoline into the nests.

Dear Dolly—My nose is very oily and I would like to have you print a good remedy for it. I have used alcohol after washing, but it doesn't do any good. In a short time after I put powder on my nose it looks as though grease were on it. I do not wear tight clothing to cause it. I will be glad for your answer. BARBARA.

There is usually an inward cause for an oily skin, such as indigestion. If no material effect is gained by the following treatment, it would be well to get your physician to give you treatment. Apply a lotion made from two grains of sulphate of zinc, eight drops of compound tincture of lavender and one ounce of distilled water. Banish all rich and greasy foods for diet has a great influence on the condition of the skin. A few drops of ammonia or a pinch of borax in the water with which the face is washed is also helpful.

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as headache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving headache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. This free, will bring you health and may save your life.

THE CROWD SAW GAME IN MILLBROOK

In the second half Hughes went in as Ironston's right half back. Ironston made terrific line plunges down the field to the local's 10 yard line where they lost the ball on downs. Clark replaced Burdette on Ironston's line. Shoemaker punted from behind the goal and Ironston had the ball on the P. H. S. 20 yard line. Davis, Proglor, Hughes and Ross ploughed through the line for big gains and Ross carried the ball over Proglor's kicking goal.

Stone replaced Anderson on the local line. Ironston got the ball when drop kick from the 20 yard line good for three points. A few minutes after the kick off Ironston made their last touchdown. By plunges through the line the ball was carried to Portsmouth's 15 yard line. A long pass to Hughes behind the local's goal counted for a touchdown. Proglor kicked goal.

Higgins replaced Marting. Grimes replaced Perkins on Ironston's line. With the shakeup P. H. S. took on new life and worked the ball down the field on line plunges by Grimes, Matthews, Lett and Shoemaker and a trick play. On Ironston's 15 yard line Ironston took the ball on a fumble and before further damage resulted the whistle blew for the end of the battle.

ON THE SIDELINES.
John Purdum and Dana Jones, yell leaders certainly did whoop up things all during the game. They had the crowd in the bleachers making some kind of noise every minute of the game.

The next game with Ironston is on November 25 and it will be played in Ironston. P. H. S. is in Ironston next Saturday and Chillicothe will be the attraction at Millbrook October 21.

Captain Pat Shoemaker did well as a punter. Each time the ball sailed far down the field and the local ends had plenty of time to get down the field and get the receiver of the ball. Bauman missed his man several times but Williams got his man every time. Williams made several good tackles.

Lett, who entered P. H. S. this year, is from Parkersburg and had the honor of starting the first P. H. S. touchdown of the season. Lett is in his right place on the 35 yard line.

Exciting Runaway

A horse belonging to Albert Maier, beer agent, attached to an express wagon containing a keg of beer and couple of cakes of ice, took flight on Market street and ran away Saturday afternoon. As the galloping animal was passing the esplanade of the driver, Tracy Newman, jumped from the wagon, escaping unhurt. The runaway turned down Front, now moving at break-neck speed and successfully passing a number of automobiles and wagons and was finally stopped at the corner of Scioto street by Lemus Adkins, a Kendall avenue youth, who was mounted on a bicycle.

Relatives Were Here.

The report that none of the relatives of John Chester Anderson, structural steel and ironworker, who was fatally injured by a derrier boom falling on him at the steel plant, had come to Portsmouth after being notified of the accident, proves to be a mistake.

Mr. Anderson's sisters, Mrs. W. Conn and a brother, H. S. Anderson and wife of Steubenville, and another brother, C. L. Anderson of Holiday Cove, W. Va., all four were here, coming as soon as possible and remaining up to the time he died. They stopped at the Washington hotel during their stay here and daily visited him at Hempstead hospital.

Pheasant Broke Its Neck.

Boston Has The Edge

Well, Boston won the opening game from Brooklyn, fans, but they haven't anything to brag about. A timely walk in the good old ninth would have turned the tide in Brooklyn's favor. Had the Dodgers performed cleanly on the field they would have won from the redoubtable Red Sox. Shore proved no puzzle and in the eventual ninth was driven from the slab. Sentiment in local baseball circles favors the Beantown gang in the annual baseball classic.

CHILD SMOTHERED TO DEATH

Frank Andrew Bauer, eight weeks old son of Mr. and Mrs. Willard Bauer, of Linwood addition, Sciotoville, smothered to death Sunday evening about 7:30 o'clock.

Mr. and Mrs. Bauer and their only child spent the day with his parents, Mr. and Mrs. Jacob Bauer, at Gephart's Station. They arrived home in their automobile about seven o'clock.

Mrs. Bauer noticed that the baby was not as bright as usual and called Dr. J. W.

Hutchens, but his efforts to revive the child were unsuccessful.

The physician gave smothering as the cause of death, the child probably having been wrapped too tightly while in the automobile. The parents are grief-stricken over the loss of their loved one.

The funeral will be held at ten o'clock Tuesday morning from the Wheelersburg Catholic church with Father Carey in charge. Burial will be in the Wheelersburg cemetery.

FATIMA

A Sensible Cigarette

Such men want comfort AFTER smoking

IT'S NOTICEABLE that more and more substantial men are choosing Fatimas for their steady smoke. There must be some reason for it. Surely, these men would quickly pay a far higher price for another cigarette if it suited them better.

That is just it. No other cigarette can quite give what Fatimas give.

Some other cigarettes taste good, yes. But Fatimas do more—they are comfortable. Not only are they comfortable to the throat and tongue while you smoke them, but, much more important, they leave a man feeling keen and "fit" AFTER smoking, even though he smokes more than usual.

Embankment; Three Injured

Alt Ray, a well known saloon-keeper of 1015 Waller street, and Don Neepner and William Rockwell, shoeworkers of 1834 and 1220 Summit street, were injured in an automobile accident that occurred on the Boulevard hill just north of Kinney Lane, about one o'clock Sunday morning.

Driving in the dense fog that hung over the entire valley at the time Ray sent his Overland "6" to the left of the road and down over a 40 ft. embankment. It turned over twice before righting itself. Neepner, who shared the front seat of the car with him, was the only one thrown out. His left arm was fractured. Rockwell escaped with bruises. Ray himself was severely cut across the right arm, it requiring several stitches to sew up the wound, and besides sustained a scalp wound and had bruises about the shoulders. He hurried to the city to summon aid and secured Dr. Oscar Micklethwait who had to grope his way out in the thick fog. He was later joined by his brother Dr. W. D. Micklethwait. All of the injured men were taken to Mr. Ray's home at 2007 Grandview avenue, where their wounds were dressed. The two front fenders of the touring car were smashed, the windshield broken and an axle bent. Agent F. E. Hower's men went after the wrecked car Monday morning.

Mr. Ray claims he was driving at the rate of but 8 miles per hour when his machine went over the bank. He and friends had gone out the Boulevard to take home his bartender, Frank Walters, and were returning to the city when the accident happened. He was laid up at the home of his sister, Mrs. Ed Hill, of 538 Seventh street, all day Sunday.

Arm Was Broken

While climbing out of an automobile Sunday near Seventh and Chillicothe streets, Miss Mabel Fisher, of Eighth street, tripped and fell to the street with sufficient force to fracture her left forearm.

Members Of Vienna Camp Visited
Sons Of Veterans At Harrisonville

(By H. M. S.)

The visit of Vienna Camp Sons of Veterans, accompanied by many of the splendid veterans of Bailey Post, G. A. R., to Lois Camp No. 16, Harrisonville, Saturday evening, was one of those long-to-be-remembered occasions that flower the pathway and add to the joy of living. The weather was simply superb, the roads fine, and the going by automobile a treat in itself to almost all. This added to the royal welcome and whole-hearted entertainment given the visitors, caused the hours to slip by pleasantly.

The advance guard, in automobiles of John F. Eckhart, D. W. Gustin and Judge Thos. C. Beatty, left town about five o'clock. An hour later the machines of County Commissioner Geo. Hill and County Auditor S. D. Eckhart "hit the trail," and the "submarines" of Sheriff E. W. Smith and others brought up the rear.

Arriving at Harrisonville the visitors were warmly welcomed at the O. A. R. hall, which was well filled by Lois Camp and the good comrades of Scioto Post No. 287, G. A. R., who were being entertained by music by the Lois Camp fife and drum corps.

The arrival of Vienna Camp's splendid fife and drum corps, seven strong, called for more music, and they gave a fine selection, and later swept the large audience off its feet by playing "The Cottage Quick-Step" in matchless style.

The open meeting was called to order by Capt. "Billie" Thompson, Past Senior Vice Commander of Ohio Division Sons of Veterans, who welcomed the visitors, and then called on Dr. Tidd, one of the prominent members of the order, and also high up in other fraternities, and a speaker of note, who ably upheld that reputation Saturday evening.

Dr. Tidd was followed by Judge James S. Thomas. Harry Porter, the inimitable, simply covered himself with sweat and glory. Capt. W. H. Williams, of Bailey Post, also of Vienna Camp, made a good talk. The meeting then adjourned and the crowd, headed by the augmented drum corps, marched to the K. of P. hall, where a splendid oyster supper was served to all. During the supper several comrades and Sons made good talks, among them being Comrade J. J. Davidson, J. L. Sampson, Judge N. B. Gilliland, Deputy County Treasurer Gilbert P. Dadds, Louden Lindsey and Capt. George S. Carroll.

Among the comrades of Bailey Post making the trip were: J. J. Davidson, J. L. Sampson, Thos. Scott, W. H. Williams, Isaac Mead, Harry Kalmay, S. M. Skelton, Iowa Conklin, G. S. Neary and Mr. Pollard.

Vienna Camp was represented by Commander Charles C. Bennett, John F. Eckhart, S. D. Eckhart, George S. Carroll, John R. Skelton, Sidney G. Spencer, Cary Riggs, Oscar Trimmer, Harry Porter, Gilbert P. Dadds, E. W. (Pete) Smith, George Hill, Harry M. Sikes, John Hotz, W. L. Questel, David P. Scott, Judge J. S. Thomas, W. H. Williams, John Hall, G. L. Jaynes, Hartzell Evans and Z. F. Double.

N. B. Gilliland, a member of Lois Camp, accompanied Vienna.

Lois Camp sure "showed" fine. Bully set of fellows out there and born entertainers.

Going to have 'em all down here for a camp fire and "feed" a little later on—but that's another story.

Death Is
Sudden

As a severe shock to relatives and friends was the word of the sudden death of Charles Collins, aged 37 years, one of Portsmouth's best known colored young men, Sunday.

He was taken violently ill Saturday night at 11 o'clock at the home of his stepfather and mother, Dr. and Mrs. E. W. Hubert, of No. 1019 Findlay street, with whom he lived, and died Sunday morning at 9:40 o'clock. He had been suffering with uraemic poisoning for several months, but had never become bed-fast.

Raid Chicken Coop

Sneak thieves visited a chicken coop belonging to Mike Swearingen, West Side farmer, Sunday evening and took between fifty and sixty chickens.

Breaking the lock upon the chicken coop door, the raiders entered and took every fowl in sight.

Here they got forty-six, according to local authorities. Not being satisfied with their haul they next paid a visit to a roost in a neighboring tree and took several others.

Ben Hurs Initiate A Class
In Huntington, Made Big Hit

Portsmouth Ben Hurs scored a big hit in Huntington, W. Va., Saturday night, judging from the following account of their visit taken from Sunday morning's Herald-Dispatch of that city:

"Two hundred members of the Portsmouth, O., tribe of Ben-Hur, with a nineteen piece brass band, and with delegates from Ashland and Trouton, arrived in the city yesterday afternoon to take part in the introduction of a class of 100 local people into the Huntington Court No. 18, of the Tribe of Ben-Hur."

"With the local class, one of the largest ever to be received into the order, the entire Portsmouth Junior Order band was received. State

Manager R. G. Hunsig, of Columbus, O., with G. Ward Kingery, chief of the Huntington Court, and Miss Dorothy Zimmerman, supreme deputy, assisted in the ceremonial rites.

"With a spirit of fraternalism, and inspired by the singular beauty of the Ben-Hur ceremonial, the work of conferring degrees progressed from seven o'clock last night until a late hour."

"Mrs. J. J. Christian and Mrs. Hartford Hiltnerbrandt, of the local court, who were tied for the honor of winning the most members for the order, were presented with gold watches as a token of the high esteem in which the order regards their efforts. The presentation speech was delivered with the compliments

of the local tribe. "Saturday night, at eight o'clock, the assembled Ben Hurs formed into a parade, and headed by the Portsmouth band, marched about the streets of the city. The band from the River City, reputed to be one of the best in the tri-state region, very effectively proved its merit.

"The occasion Saturday was one that had long been looked forward to by the local people, who had made everything ready and welcome for the visitors. A representative delegation met the visitors at the Chesapeake & Ohio station at five-thirty and escorted them with ceremony to the lodge room, over Homrich building, where the rites were said. The register showed over two hundred from Portsmouth, with the degree team.

"The exemplification of the impressive lodge ritual, which is marked by the solemnity and grandeur that up, once is imparted by the name, found deep place in the receptive minds of the candidates and also the members of the lodge, and the degree team lauded for the capable manner of administration.

"The greater majority of the down-river visitors left early this morning for their homes, but a number remained in the city to spend Sunday. And, aside from the serious part of the day, and the serenity of the lodge room, there was every evidence of justification for the work of the entertainment committee in the pleasant manner of the visiting members."

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—a torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Women's Gloves

By all means, every woman should purchase at once what she is going to need in the way of gloves. We admit that already advances have been made in prices but the end is not yet. And further, much in the line of gloves cannot be purchased and most stores will have to confine their business to the amount of stock they have on hands at present.

Way last spring we foresaw the present crisis and bought and had delivered to us great quantities of gloves. You will find all glove prices here this week just the same we had in effect last spring.

Handkerchiefs

We offer this week an exceptional opportunity to "prepare" on handkerchiefs. The future prices on all materials from which handkerchiefs are made will be tremendous. All manufacturers tell us that high prices are sure. As yet we have not advanced a single handkerchief. Even a plain linen handkerchief at 5c can be purchased here this week and we can't begin to buy a linen handkerchief now to retail at this price.

Let "Preparedness week" mean something to you by saving your money on your Christmas handkerchiefs.

Neckwear

We have just received our first shipment of "different" neckwear for fall and winter. "Preparedness week" will see its first showing. Every woman is interested in collars and every woman will be interested in our new arrivals.

Organdies are still to be found in the line in new shapes and Broadcloth collars seem to be the popular new venture. In this new line are collars for dresses and for suits. If you have trouble getting a collar to fit your fall suit, see this new line. The entire showing just left New York last Thursday. Every style is new.

Hand Bags

To begin with there is a strike among the workers in leather goods and many an eastern factory is not turning a wheel. However, our stocks have so far not been crippled and values have not been reduced nor prices advanced.

Particularly new are the Arts and Crafts designs in the small and medium large hand purses and hand bags. They are mottled green in shade and appear Egyptian in style. They are attractive, new and popular.

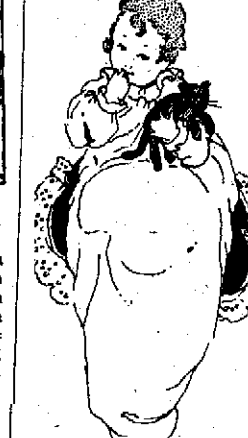

Perhaps the newest departure in hand bags is the silk bag. These come in black, some beaded, and close with drawstrings. See them in the department.

Baby Shirts

The Burkland Kind

Naturally, many, many mothers look to us to supply them the necessary clothing for their children. We have sort a taken a pride in our ability to satisfactorily meet the demand placed upon us.

The Burkland shirts for infants seem to strike the popular chord with scores of mothers, and there's a reason. In the first place the baby doesn't have to be turned over in dressing. Then too, we have never seen any infants' garments of nicer, softer and better quality material than these. We don't see how any undergarments could be less irritating to the little one's body than Burkland shirts for there are no pins to stick and no strings to knot. Just one little button holds the entire garment in place and there are three thicknesses of material between that button and the baby's body.

Burkland shirts are the most comfortable and the easiest to put on. Let us show them to you in our underwear section on the first floor.

BURKLAND VESTS, good weight cotton at 25c.

BURKLAND WOOL VESTS beginning at 35c.

BURKLAND SILK AND WOOL VESTS beginning at 50c.

Every Burkland vest gives double protection to the baby's chest but you must not confuse this desirable garment with a certain advertised garment that has straps and pins.

Are Planning To Resume Night School

A night school similar to the one conducted last year in the high school building is to be organized this week.

The time set for the first meeting is next Tuesday evening, October 10, at 7 o'clock in the high school auditorium.

Many inquiries have already been made in regard to the school and the outlook is promising for a much larger attendance than last year.

Supt. Frank Appel wishes it to be understood that the school is not a high school and makes no attempt to furnish instruction to pupils who can attend the day schools either elementary or high.

The sole object is to place the high school building, its equipment and teachers at the disposal of the boys and girls, men and women, both young and old, who desire to obtain either profit or pleasure from such studies as may be taught in the school. Last year many thought the school was organized to give instruction in the higher branches and consequently few people applied for elementary instruction. Perhaps there are many splendid people of foreign

birth in the city who have not had an opportunity to study English in a systematic way. These we propose to teach reading and English and give them the benefit of the best instruction there is in our school system. We should like also to form classes in the fundamentals of arithmetic and grammar. Boys and girls who have had to quit school to help earn a livelihood for themselves or for those dependent upon them can further their education in these elementary studies in this school.

Last year classes were organized in shorthand, typewriting and bookkeeping in advanced arithmetic and grammar; in Spanish in cooking, dressmaking and china painting. Classes will be formed in these studies again this year if enough students apply for instruction in these branches. Classes will be formed in salesmanship.

telegraphy, millinery, mechanical drawing, basketry, gymnastics, household chemistry, German, French, Latin and any other studies in which there is sufficient interest.

It is not the purpose of the school to make money. The proceeds, if any, are to be turned in to the public school treasury to reimburse the board of education for light and fuel. The tuition is figured just high enough to pay the cost of instruction, janitor service, light and fuel.

The first term of 14 weeks will begin October 10. The second term of 14 weeks will begin the latter part of January. The tuition rates will be practically the same as last year. Reading \$2.50 for the full term of 14 weeks; English, \$2.50; Arithmetic, \$2.50; Grammar, \$2.50; Manual Training, \$2.50, material extra; Machine Shop, \$2.50, material extra; Mechanical Drawing, \$3; Cooking, \$3, material extra; Sewing, \$3; Millinery, \$3; Household Chemistry, \$3; Stenography, \$2.50; Typewriting, \$2.50; Bookkeeping, \$2.50; Salesmanship, \$3; Telegraphy, \$3; Gymnastics, \$2.50; Basketry, \$3; China Painting, \$3, materials and firing extra; Spanish, \$3.75; French, \$3.75; Latin, \$3.75. All classes will meet twice each week on Tuesdays and Thursdays unless other days seem preferable. Everybody who is interested is asked to be at the meeting Tuesday evening, October 10, 7 o'clock, high school auditorium.

GERMANS BRING SUB WARFARE TO AMERICAN SIDE OF ATLANTIC

Nine Ships Are Reported Sunk

SHIPPING ON EAST COAST TERRIFIED

[BULLETIN]
Boston, Oct. 9.—The submarine arm of the Imperial German navy ravaged shipping off the eastern coast of the United States yesterday and last night. British, Dutch and Norwegian steamers were sent to the bottom or left crippled derelicts off Nantucket shoals.
Last night, under the light of a hunter's moon, the destroyer fleet of the United States navy, was picking up passengers and crews of the destroyed vessels and bringing them into Newport, R. I.

Boston, Oct. 9.—German submarine warfare brought to this side of the Atlantic Sunday was pursued relentlessly throughout the night. With the dawn came reports of more vessels torpedoed and sunk. The captain of the Nantucket lightship, off which the attacks on passenger and freight ships were made, reported that three German submarines were operating south and southeast of Nantucket and that a total of nine vessels had been destroyed. The identity of three of this number was unknown but ships from the American destroyer flotilla at Newport were searching the seas for the crews that were supposed to have taken to their small boats.

Rushing to give battle to the submarines three British cruisers were off Nantucket shoals at 2:40 o'clock this morning. This was the first appearance of any warship of the British and French patrolling fleet in that vicinity since the submarines began their attacks at six o'clock yesterday morning.

The passengers and crew of the Red Cross steamer *Stephano*, and the crews of the British freighters *Strathdene* and *West Point*, and the Dutch freighter *Bloemerdijk*, and the Norwegian freighter *Christian Knudsen*, destroyed yesterday, were landed at Newport, Rhode Island, today. The crew of the British freighter, *Kingston*, was missing this morning but the men were reported to be in life boats thirty miles southeast of Nantucket.

Submarines Not Identified

Early today the submarine or submarines had not been identified, but there is no doubt in the minds of naval officers that one of the engines of destruction was the German U-53, which delivered mail for the German ambassador, Count Bernstorff, at Newport yesterday. The belief is growing

assistance was not required he proceeded to Boston.

Rich Prize Is Bagged

The richest prize bagged by the Germans was the passenger liner *Stephano*, which had just rounded the east end of Nantucket when she fell prey to a submarine. The vessel, British owned, was on her regular trip from St. Johns, New Foundland, to New York via Halifax and carried 83 passengers, including thirty Americans. Twenty-six of the latter were making the round trip on the steamer from New York. The *Stephano* was valued at \$400,000 when she was launched three years ago. She carried also a cargo of cod fish, cod fish oil and seal oil consigned to parties in the United States and South America and valued at \$150,000. Her naval value was due to the fact that she has been sold to the Russian government and was soon to be used as an ice-breaker.

When the Red Cross liner in command of Captain Smith reached Americans went aboard.

Activities Were Commenced Sunday

Submarine activities began at daylight Sunday, three miles east of Nantucket lightship, when the American steamer *Kansas* was sighted and signalled to stop. When the submarine commander saw that she was an American ship he allowed her to proceed. The submarine then moved in close to the lightship where at 6 a. m. she stopped the British steamer *Strathdene*, bound from New York for Bordeaux. After the crew had obeyed orders to take to the ship's boats, the submarine sent a torpedo into the *Strathdene* and sank her. The raider, patrolling the vicinity of the trans-Atlantic steamship lane, moved considerably to the southward. At 10:45 a. m. she halted the British steamer *West Point*, London for Newport News, with a warning shot. This was at a point ten miles south of the lightship. The crew took to the boats and the submarine torpedoed and sank the steamer.

No other vessel was encountered until late in the afternoon. At 4:30 six miles southeast of the lightship the German stopped the *Stephano*. Passengers and crew were taken off in the ship's boats and the under-sea boat shot a torpedo into the liner. As this did not appear to disable the staunch steel vessel, it was supplemented by gun fire. The submarine moved off without waiting for the *Stephano* to sink and she remained afloat until 10:05 last night.

Near sunset the British steamer *Kingston* came within view of the lookout on the submersible. The same procedure was followed as with the other vessels, and at six p. m. the *Kingston* went down a short distance southeast of the lightship.

The bright moonlight gave the submersible a good chance to continue operations in the evening. She moved a little to the westward and soon after dark stopped the Dutch trans steamer *Bloemerdijk*, bound from New York for Rotterdam, three miles south of the lightship. Supposedly on the theory that she was carrying contraband the steamer was sunk after the crew had entered small life boats. The submarine left

See The World's Series Games Play By Play On The Times Bulletin Board

Today in Boston the world's series continues. Of course everyone could not go to Boston to see the opening game, but that does not prevent them from enjoying the game play by play. Through arrangements with the Associated Press over its own leased wire The Times will receive the account of each game of the world's series at Boston and Brooklyn, ball by ball. A few seconds after each play is made you are going to be able to read about it on The Times bulletin board. This service will continue throughout the series and everyone is invited to come to The Times office and enjoy the games. And don't forget! The Times in its editions will carry complete accounts of the games with all the little sidelights and highlights that go to make up the historical contests. The bulletin service will start at one o'clock today.

DISCORD EXISTS IN REPUBLICAN PARTY WILSON TELLS VOTERS

Long Branch, Oct. 9.—Returning from his invasion of the mid-west since the campaign opened, President Wilson Saturday appealed to independent voters to support the Democratic party in November on the ground that it presents a united front for the passage of progressive legislation, while the Republican party is made up of discordant elements which can accomplish nothing.

Criticizing the so-called "old guard" of the Republican party, the president by inference attacked

both Charles E. Hughes and Theodore Roosevelt, and declared that while every line of his national policy has been assailed "no diagrams have been drawn of any other."

Mr. Wilson charged that the old guard was in control of the last Republican convention, "and made all the choices that were made by that convention."

The president spoke to a delegation of Progressives, Independents and college men who came here in a private train and marched to

Shadow Lawn with a band playing popular music, while they sang with the refrain:

"He's kept us out of war."

Mr. Wilson was introduced by Professor Irving Fisher of Yale, a member of the Roosevelt conservation commission, and Hugh Gordon Miller, a New York Progressive, who denounced the leaders of his party who have gone over to the Republicans. In the delegation also was the Wilson guard, made up of former football stars.

CLOUDY SKY FOR SECOND GAME OF THE BIG SERIES

[BULLETIN]
Boston, Oct. 9.—A light covering of clouds obscured the sky when the crowds began to gather for the second game of the world's series baseball game today but there appeared to be little probability of rain. It was a trifle cooler than on Saturday and there was a light wind.

Boston, Oct. 8.—Again today the Brooklyn Nationals and the Boston Americans met in the series to determine the world's champions of the year. The scenes were the same as those of Saturday, Braves Field.

At atmospheric conditions were slightly less attractive than on Saturday but the cloudy skies were hardly threatening and the temperature had not fallen to an uncomfortable degree. The moderate wind was a slight factor in the pre-game plotting by the strategists of either team.

The players, having rested over Sunday appeared in good shape. The teams were changed from the combinations that opposed each other in the first game, batteries being drawn upon for fresh

Hard Life on Old Ships

Naval men of today need not envy their predecessors of the middle of the eighteenth century when they think of the large prize money earned, for instance, by the capture of the *Horatone*. There were terrible odds to be set on the other side of the gamble. In seven years of that war, which ended in 1763, the number of seamen and marines who served was 154,893. Only 1,512 were killed in action or by accident, but as many as 153,708 died of disease or were reported missing. While both disease and desertion were life and death needs to inquire who has read Stoollet's ghastly descriptions of naval life in those days.—London Mail.

strength and other shifts dictated by known weaknesses or probable improvement among individuals.

With a game already to the credit of the Red Sox, Manager Carrigan had an advantage over his opponents. Wilbert Robinson, manager of the Brooklyn team, had a losing team to work with. The choice of a pitcher was important with him and he said he would make no snap judgment.

Carrigan had the better material to pick from, in the opinion of baseball followers generally.

Ironton High Defeated P. H. S. Saturday; Score Was 23-6

LARGE CROWD SAW GAME IN MILLBROOK

Ironton H. S. 23.
Portsmouth H. S. 6.

Ironton high school's strong football team put up a stellar game Saturday afternoon on Millbrook gridiron when it defeated Portsmouth high school by the score of 23 to 6. It was the first game of the season for both eleven.

One of the biggest crowds that ever attended a football game in Portsmouth was on hand and they certainly did make "some noise." Close to 75 Ironton students were in the stands and cheered their favorites into victory at every opportunity.

Ironton received on the kick off but they had the piskin only a few seconds. On the first down Ironton (numbered and basemen of P. H. S. fell on the ball. Captain, Shoemaker made a plunge through the line for a gain and John ran around right end for five yards. Shoemaker punted and Ironton had the ball in the middle of the field. Ironton was given ten yards when local players were off side on two plays.

Ironton made gains through the line but not enough to make the necessary ten yards and the ball was once more in the hands of the Red and Blue warriors on their own 40 yard line. John ran around right end for a good gain. Mathews lost ten yards and John Mathews lost five yards. Basemen was off side and P. H. S. was penalized five yards. Basemen downed the receiver of the punt before he could move. Ironton made a lucky pass. The ball in its flight was hit by a P. H. S. player and in falling the oval fell into the hands of an Ironton man and before being downed he had gained 10 yards. Davis attempted to drop kick from the 30 yard line but it fell short 20 feet from the goal.

The ball was Portsmouth's on the 20 yard line. Shoemaker punted 10 yards. Ironton's line plunged and red runs worked successfully and Davis went through tackle for a touchdown from the two yard line. Proger failed to kick goal.

P. H. S. received on the kick-off. Shoemaker received the ball and made 20 yards before tackled. Ironton was penalized 10 yards for shoving. John made a 10 yard around left end. This ended the first quarter. A pass was tried but it failed and Shoemaker punted. Ironton had the ball on the local's 25 yard line but fumbled. Portsmouth recovering. John made a 15 yard run around left end. Basemen was off side again and Portsmouth lost five yards. Mathews plunged through the line for several yards. Shoemaker punted to Ironton's 10 yard line. Basemen was in front of Davis who was ready to catch the ball. In his excitement to get out of Basemen's reach Davis let the ball hit him on the head and Williams fell on it. John ran around end for two yards. Ward replaced Henry at left end and for P. H. S. Mathews, Shoemaker and Lett made line plunges that carried the ball to the 1 yard line and Lett carried it over in a third plunge through the line. Shoemaker failed to kick goal.

Portsmouth kicked off and Ironton carried the ball to their 25 yard line. Ironton punted and John recovered. He fell twice but "bounced" back up and ran for 15 yards before being tackled. Davis failed in an attempt to make a drop kick from the 35 yard line.

In the second half Hughes went in as Ironton's right half back. Ironton made terrific line plunges down the field to the local's 10 yard line where they lost the ball on downs. Clark replaced Burdette on Ironton's line. Shoemaker punted from behind the goal and Ironton had the ball on the P. H. S. 20 yard line. Davis, Proger, Williams and Ross ploughed through the line for big gains and Ross carried the ball over. Proger kicked goal.

Stuns replaced Anderson on the local line. Ironton got the ball when Mathews fumbled and Davis made a drop kick from the 20 yard line good for three points. A few minutes after the kick off Ironton made their last touchdown. By plunges through the line the ball was carried to Portsmouth's 15 yard line. A long pass to Hughes behind the local's goal counted for a touchdown. Proger kicked goal.

Hughes replaced Marling. Grimes replaced Mathews who took John's place. Marling took Portsmouth's place. With the shakedown P. H. S. took on new life and carried the ball down the field on line plunges by Grimes, Mathews, Lett and Shoemaker and a trick play. On Ironton's 15 yard line Ironton took the ball on a fumble and before further damage resulted the whistle blew for the end of the game.

Following is the way the teams took the field:

P. H. S. G. Grimes, Williams, RE..... L. H. S. Anderson..... LT..... Fritz Jones..... RT..... Lane Marling..... C..... McGerty Coleman..... LG..... Burdette Perkinson..... LT..... Hayes Basemen..... LG..... Davis, Mathews..... QB..... Davis, Marling..... RB..... Proger Shoemaker, (Capt.) LHB..... Proger Lett..... FB..... Ross

Time of quarters—1st: 15; 2nd: 15 min. Referee—Karl Zoellner. Umpire—A. McMahon. Timekeepers—L. Nutter, Portsmouth; Prof. E. T. Davis, Ironton. Head Linesman—Lynn Padan. Lineowner—E. Schweich, Portsmouth; Harold Cook, Ironton. Touchdowns—Lett, Davis, Ross. Kicked Goals—Proger 2. Drop Kick—Davis.

ON THE SIDELINES.
John Purdon and Dana Jones, well known during the game. They had the crowd in the bleachers making some kind of noise every minute of the game.

The next game with Ironton is on November 26 and it will be played in front of the ball. In his excitement to get out of Basemen's reach Davis let the ball hit him on the head and Williams fell on it. John ran around end for two yards. Ward replaced Henry at left end and for P. H. S. Mathews, Shoemaker and Lett made line plunges that carried the ball to the 1 yard line and Lett carried it over in a third plunge through the line. Shoemaker failed to kick goal.

Portsmouth kicked off and Ironton carried the ball to their 25 yard line. Ironton punted and John recovered. He fell twice but "bounced" back up and ran for 15 yards before being tackled. Davis failed in an attempt to make a drop kick from the 35 yard line.

at fullback and is "horse" on hitting the line.

Perkinson was in the game with a sprained thumb. Johns also had a bad ankle but pluckily fought every inch of ground. Johns is as fast as the fleet-footed Davis of Ironton but does not carry Davis' weight.

Ironton's direct passing was what

puzzled the locals most. Instead of the quarterback touching or passing the ball, the center passed the piskin directly to the man whose signal was called.

Coach Dixon of the Ironton team was well pleased with the showing made by "his boys."

Ross, Mathews and Grimes, new players on the team, did splendidly in their first game.

WITH THE SICK

Charles Taggart, shoe salesman at Hall Bros' store, was taken suddenly ill while on duty Saturday. Will Pixley removed him in an automobile to his home at Sixth and Lincoln streets.

Mrs. Mary Hawkesley, a sister of Albert Bodmer, of Carey's Run, with whom she makes her home, had her appendix and gall duct removed at Hempstead hospital Saturday. She rallied nicely from the surgical operation.

Miss Mabel Phillips, who was badly injured in a fall during the Korn Carnival, is still laid up at home, but improving, the attending physician removing the stitches of her various wounds and discharging her as a patient Saturday.

John F. Flannigan, coal dealer, who suffered a sinking spell and was found unconscious on his new wagon scale platform Wednesday evening, was able to be up and about again Saturday. Some up-town friend of John's was cruel enough to suggest that he simply wanted to test the new scales with some "dead weight."

Mrs. Blanche Evans, of Blue Creek Adams county, underwent a successful surgical operation, which was performed in the Hempstead hospital recently.

Howard Jewett is laid up at the home of his parents, Mr. and Mrs. T. G. Jewett, of Second street, with a severe attack of quinsy.

Harvey Wallick, a steelworker, has developed typhoid fever, and has been removed from his home on Third street to the Hempstead hospital.

Capt. Billy Williamson of the Seventh street fire company has been ill for several days at his home on Court street.

Pheasant Broke Its Neck.

A pheasant, which had drifted into the city, became so bewildered that it flew directly against the Steel building on Second street, Saturday, breaking its neck. As it dropped to the sidewalk below a pedestrian picked up the bird and gave it to Joe Stokley, who in turn presented it to Barr & Minnery, who expect to have it mounted.

RELATIVES WERE HERE.

The report that none of the relatives of John Chester Anderson, structural steel and ironworker, who was fatally injured by a derrick boom falling on him at the steel plant, had come to Portsmouth after being notified of the accident, proves to be a mistake.

Mr. Anderson's sisters, Mrs. W. Conn and a brother, H. S. Anderson and wife of Steubenville, and another brother, C. L. Anderson of Holiday Cove, W. Va., all four were here, coming as soon as possible and remaining up to the time he died. They stopped at the Washington hotel during their stay here and daily visited him at Hempstead hospital.

Lost Pocketbook.
Ed Cunningham had the misfortune to lose a pocketbook containing \$17 and valuable receipts between his home and blacksmith shop on Carey's Run, last Friday.

MR. HARNES RE-ELECTED.

At a recent meeting of the County Board of Education L. N. Harnes of the McDermott school was re-elected a member of the County Board of School Examiners. This makes Mr. Harnes' second term as examiner, his first year's work being very successful.

Extension Class.

Miss Glen Bartlett of Miami University, Oxford, O., taught the teachers' extension class in County Superintendent E. O. McCowen's office Saturday. The class meets every two weeks. She is also to organize a class at South Webster.

Exciting Runaway.

A horse belonging to Albert Maier, beer agent, attached to an express wagon containing a keg of beer and couple of cakes of ice, took fright on Market street and ran away Saturday afternoon. As the galloping animal was passing the expressman's driver, Tracy Newman, jumped from the wagon, escaping unhurt. The runaway turned down Front, now moving at break-neck speed and successfully passing a number of automobiles and wagons and was finally stopped at the corner of Scioto street by Lemis Atkins, a Kendall avenue youth, who was mounted on a bicycle.

FATIMA

A Sensible Cigarette

Such men want comfort AFTER smoking

IT'S NOTICEABLE that more and more substantial men are choosing Fatimas for their steady smoke. There must be some reason for it. Surely, these men would quickly pay a far higher price for another cigarette if it suited them better.

That is just it. No other cigarette can quite give what Fatimas give.

Some other cigarettes taste good, yes. But Fatimas do more—they are comfortable. Not only are they comfortable to the throat and tongue while you smoke them, but, much more important, they leave a man feeling keen and "fit" AFTER smoking, even though he smokes more than usual.

Ray Machine Plunges Down Embankment; Three Injured

Alf Ray, a well known saloon-keeper of 1015 Waller street, and Don Nepper and William Rockwell, shoeworkers of 1834 and 1230 Summit street, were injured in an automobile accident that occurred on the Boulevard hill just north of Kinney Lane, about one o'clock Sunday morning. Driving in the dense fog that hung over the entire valley at the time Ray sent his Overland "6" to the left of the road and down over a 40 ft. embankment. It turned over twice before righting itself. Nepper, who shared the front seat of the car with him, was the only one thrown out. His left arm was fractured. Rockwell escaped with bruises. Ray himself was severely cut across the right arm, it requiring several stitches to sew up the wound, and besides sustained a scalp wound and bad bruises about the shoulders. He hurried to the city to summon aid and secured Dr. Oscar Micklethwait who had to grope his way out in the thick fog. He was later joined by his brother Dr. W. D. Micklethwait. All of the injured men were taken to Mr. Ray's home at 2007 Grandview avenue, where their wounds were dressed. The two front fenders of the touring car were mangled, the windshield broken and an axle bent. Agent F. E. Bower's men went after the wrecked car Monday morning. Mr. Ray claims he was driving at the rate of but 8 miles per hour when his machine went over the bank. He and friends had gone out the Boulevard to take home his bartender, Frank Walters, and were returning to the city when the accident happened. He was laid up at the home of his sister, Mrs. Ed Hill, of 538 Seventh street, all day Sunday.

Ben Hurs Initiate Big Class In Huntington, Made Big Hit

Portsmouth Ben Hurs scored a big hit in Huntington, W. Va., Saturday night, judging from the following account of their visit taken from Sunday morning's Herald-Dispatch of that city: "Two hundred members of the Portsmouth, O., tribe of Ben-Hur, with a nineteen piece brass band, and with delegates from Ashland and Ironton, arrived in the city yesterday afternoon to take part in the introduction of a class of 100 local people into the Huntington Court No. 15, of the Tribe of Ben-Hur. "With the local class, one of the largest ever to be received into the order, the entire Portsmouth Junior Order band was received. State Manager R. G. Hunsate, of Columbus, O., with G. Ward Kinney, chief of the Huntington Court, and Miss Dorothy Zimmerman, supreme deputy, assisted in the ceremonial rites. "With a spirit of fraternalism, and inspired by the singular beauty of the Ben-Hur ceremonial, the work of conferring degrees progressed from seven o'clock last night until a late hour. "Mrs. J. J. Christian and Mrs. Hartford Hiltbrandt, of the local court, who were tied for the honor of winning the most members for the order, were presented with gold watches as a token of the high esteem in which the order regards their efforts. The presentation speech was delivered with the compliments of the local tribe. "Saturday night, at eight o'clock, the assembled Ben Hurs formed into a parade, and headed by the Portsmouth band, marched about the streets of the city. The band from the River City, reputed to be one of the best in the tri-state region, very effectively proved its merit. "The occasion Saturday was one that had long been looked forward to by the local people, who had made everything ready and welcome for the visitors. A representative delegation met the visitors at the Chesapeake & Ohio station at five-thirty and escorted them with ceremony to the lodge room, over Homrich building, where the rites were said. The register showed over two hundred from Portsmouth, with the degree team. "The exemplification of the impressive lodge ritual, which is marked by the solemnity and grandeur that at once is imparted by the name, found deep place in the receptive minds of the candidates and also the members of the lodge, and the degree team lauded for the capable manner of administration. "The greater majority of the down-river visitors left early this morning for their homes, but a number remained in the city to spend Sunday. And, aside from the serious part of the day, and the secrecy of the lodge room, there was every evidence of justification for the work of the entertainment committee in the pleasant manner of the visiting members."

Members Of Vienna Camp Visited Sons Of Veterans At Harrisonville

(By E. M. S.) The visit of Vienna Camp Sons of Veterans, accompanied by many of the splendid veterans of Bailey Post, G. A. R., to Lois Camp No. 16, Harrisonville, Saturday evening, was one of those long-to-be-remembered occasions that flower the path-way and add to the joy of living. The weather was simply superb, the roads fine, and the going by automobiles a treat in itself to almost all. This added to the royal welcome and wholehearted entertainment given the visitors, caused the hours to slip by pleasantly. The advance guard, in automobiles of John F. Eckhart, D. W. Gustin and Judge Thos. O. Beatty, left town about five o'clock. An hour later the machines of County Commissioner Geo. Hill and County Auditor S. D. Eckhart "hit the trail," and the "submarines" of Sheriff E. W. Smith and others brought up the rear. Arriving at Harrisonville the visitors were warmly welcomed at the G. A. R. hall, which was well filled by Lois camp and the good comrades of Scioto Post No. 287, G. A. R., who were being entertained by music by the Lois Camp fife and drum corps. The arrival of Vienna Camp's splendid fife and drum corps, seven strong, called for more music, and they gave a fine selection, and later swept the large audience off its feet by playing "The Cottage Quick-Step" in matchless style. "The open meeting was called to order by Capt. "Billie" Thompson, Past Senior Vice Commander of Ohio Division Sons of Veterans, who welcomed the visitors, and then called on Dr. Tidd, one of the prominent members of the order, and also high up in other fraternities, and a speaker of note, who ably upheld that reputation Saturday evening. Dr. Tidd was followed by Judge James S. Thomas, Harry Porter, the inimitable, simply covered himself with sweat and glory. Capt. W. H. Williams, of Bailey Post, also of Vienna Camp, made a good talk. The meeting then adjourned and the crowd, headed by the augmented drum corps, marched to the K. of P. hall, where a splendid oyster supper was served to all. During the supper several comrades and Sons made good talks, among them being Comrade J. J. Davidson, U. L. Sampson, Judge N. B. Gilliland, Deputy County Treasurer Gilbert F. Dodds, Louden Lindsey and Capt. George S. Carroll. Among the comrades of Bailey Post making the trip were: J. J. Davidson, J. L. Sampson, Thos. Scott, W. H. Williams, Isaac Mend, Harry Kahmar, S. M. Skelton, Iowa Conklin, G. S. Neary and Mr. Polard. Vienna Camp was represented by Commander Charles C. Bennett, John F. Eckhart, S. D. Eckhart, George S. Carroll, John B. Skelton, Sidney G. Spencer, Cary Jiggs, Oscar Trimmer, Harry Porter, Gilbert

EYEWITNESSES TELL OF TORPEDOING OF SHIPS

Newport, Oct. 9.—Eye witnesses of the torpedoing of passenger and freight steamers by German submarines off Nantucket yesterday told their stories here today. One of the submarines is supposed to have been the U-53 which visited this harbor Saturday and the other was declared to be the U-61. Mrs. Henry B. Wilson, of Williamstown, Mass., a passenger on the Stephano, one of the vessels sunk, said that an officer and several of the crew told her that they had distinctly seen the name U-61 on the submarine that attacked their ship. The list of submarine victims included four British, one Norwegian and one Dutch vessel. The identity of the other three reported to have been lost had not been learned early today. It was believed that no lives had been lost and although the men of the freighter Kingston were reported adrift at sea in open boats the fact that the weather was mild and the sea calm made it seem probable that they would be rescued within a few hours by some of the searching craft. Lieutenant Commander Miller, of the United States torpedo boat destroyer, Ericsson, which picked up some of the boats from the Stephano, said that no attack was made by the submarine on this vessel until after all on board had left the ship. When the Ericsson arrived at the lightship, Commander Miller observed a submarine about a mile distant and almost immediately heard three shots from the bow gun of the submarine. Through the haze he could dimly make out the Stephano, the object of attack. None of the shots struck the ship and probably none was aimed directly at her. The Stephano was to immediately and sent a message to the Ericsson saying: "Please take off our passengers."

SUBMARINES

(Continued From Page One) German Sub No legendary "flying Dutchman" ever was the center of so much mystery or the cause of so much speculation or lived so true to the tradition of being the forerunner of marine mishaps as the German war submarine U-53, which dropped so dramatically into Newport Harbor Saturday afternoon. Captain Rose, her commander, said that he was seventeen days out from Wilhelmshaven, and had come in to mail a letter to Ambassador Von Bernstorff. There was an exchange of visits between him and American naval officers. Visitors were allowed to board the submarine, to look at her two guns—one mounted forward and the other aft—and to gaze upon the eight grim torpedoes stored beneath the forward deck. Her stay in port was scarcely more than three hours. She took on no fuel, no food, no water, not even a pipeful of tobacco. "We have ample supplies of all we want," said her officer. At dusk she pointed her nose out of the harbor and in the deep water off Brenton's reef lightship submerged and for a few hours all trace of her was lost. The silence as to the actual whereabouts of the submarine was just long enough for the full effect of her appearance to take hold of the public imagination. Then came the second act in the drama. With startling suddenness Sunday morning a radio message flashed across the heavy waters south of Nantucket that an American steamship, the Kansas, flying the American flag, had been halted by a submarine. "Why are we held by a submarine?" the captain asked. "We are bound from New York to Boston." The Kansas was allowed to proceed and today arrived at Boston to take on 1,700 horses to add to her cargo of war supplies consigned to Genoa, Italy. Believe More Than One Sub Active In rapid succession flashed S. O. S. calls across Nantucket Sound, as one ship after another fell prey to "a submarine." When the count reached seven shipping circles promptly reasoned that there was more than one submarine. One submarine could not carry enough torpedoes, they argued, to sink so many ships, for the reports drifting across the submarine zone implied that each ship had received her death blow by a torpedo and it was even stated that in one instance three torpedoes had been used to make the work of destruction sure. Whether one or two boats or a flotilla were involved, whether the swift and deadly torpedo or the more leisurely gunfire had accounted for such an amazing harvest of disaster off the American coast, could not be determined until a careful scanning of complete reports from all sources was possible. Mrs. Emily Van Bibber, of Vaneburg, Ky., was admitted to Hempstead hospital as a patient Saturday. Lynn's ambulance removed her from a C. & O. train at South Portsmouth. Back From Columbus E. F. Moss returned Saturday from Columbus, where he was called on business. The Casting of the Worlds. All bodies in space are gradually approaching frigidity. When a red-hot cannon ball is taken out of a furnace and suspended in the air it parts with its heat and keeps on parting with it until it finally reaches the temperature surrounding it. And what happens to the cannon ball is happening to the sun. The sun is steadily losing its heat and contracting, and the same is true of the planets and of every other body in space. Just as an electric circle is ever encroaching upon the temperate and equatorial regions, so the final chill is steadily advancing upon the warmth everywhere.—New York American.

JOY IN ONE'S WORK.

Every person should take a pleasure in his work. The idea of joy in one's work has been often ridiculed, but nevertheless it is fast taking root in the minds of many and proving its value and merit. To perform the day's work joyfully and joyously may not be possible, in cases, without effort, but the fact is being realized more and more that it is very much worth while to develop the habit.
